

**Brian Donohoe**  
**Assistant General Manager**  
**The University Club of Washington DC**

Originally from Manasquan, New Jersey Brian moved to the Washington DC area to immerse himself in one of the densest Club markets in the country. A graduate of James Madison University in Virginia, Brian had his first steps into the Club industry at the prestigious Chevy Chase Club.

The hospitality charm of membership camaraderie enticed Brian and encouraged him to further develop his career in the Club industry. His path led him to Bethesda Country Club in Maryland as the Dining Room Manager. He was quickly promoted to Senior Restaurant Manager overseeing all four restaurants, the poolside Cabana, and the on-course refreshment outlet.

Brian's continued growth at Bethesda CC led him to advance as the Assistant Clubhouse Manager and eventually onto a much larger role as Director of Clubhouse Operations, managing seven departments and its professionals.

For the past 3 years Brian has been the Assistant General Manager at The University Club of Washington D.C. as well as serving on the National Capital Chapter Board. He has been involved in numerous committees not only as a member, but also as Chair.

CMAA and specifically NCCMA has provided so much support and education for Brian and he looks forward to continuing to serve the Chapter and its members in whatever capacity they may need.
